

# Create IBM Watson IoT Platform And Device

The screenshot shows the IBM Cloud console interface. At the top, there's a header with the IBM Cloud logo, a search bar, and navigation links like 'Catalog', 'Manage', and a user profile. Below the header, the main content area is titled 'Internet of Things Platform-4s' with a green 'Active' status and an 'Add tags' link. A sidebar on the left contains a 'Manage' section with links to 'Plan' and 'Connections'. The main content area features a large graphic of a central node connected to several peripheral nodes. To the right of the graphic, there's a section titled 'Let's get started with IBM Watson IoT Platform' with a subtext 'Securely connect, control, and manage devices. Quickly build IoT applications that analyze data from the physical world.' Below this, there are two buttons: 'Launch' and 'Docs'. Further down, there's a section titled 'Ready for the next level?' with the heading 'IBM Watson IoT Platform Journey'. This section contains three cards: 'Lite', 'Non-Production', and 'Production'. Each card has a description of the service plan and a 'Free' or 'Starts at \$500 per month' label. A blue chat icon is visible in the bottom right corner.

IBM Watson IoT Platform Journey

**Lite**

The Lite service plan provides a lightweight development environment to get you started with the connectivity capabilities of Watson IoT Platform.

**Non-Production**

The Non-Production service plan is a full-featured, fully-integrated offering that enables you to explore Watson IoT Platform to see how the service can fit into your IoT environment.

**Production**

The Production service is a fully managed SaaS offering that enables you to manage and analyze enterprise IoT data.

The screenshot shows the IBM Watson IoT Platform console interface. At the top, there's a header with the IBM Watson IoT Platform logo, a search bar, and navigation links like 'Browse', 'Action', 'Device Types', and 'Interfaces'. Below the header, the main content area is titled 'Browse Devices' with a subtext 'This table shows a summary of all devices that have been added. It can be filtered, organized, and searched on using different criteria. To get started, you can add devices by using the Add Device button, or by using API.' Below this, there's a search bar labeled 'Search by Device ID'. To the right of the search bar, there's a 'Device Simulator' toggle switch. Below the search bar, there's a table with columns: 'Device ID', 'Status', 'Device Type', 'Class ID', 'Date Added', and 'Descriptive Location'. The table contains one row with the following data: Device ID: 12345, Status: Disconnected, Device Type: AS4, Class ID: Device, Date Added: Nov 6, 2022 8:28 PM. Below the table, there's a section titled 'Identity' with a subtext 'Device Information'. This section contains a table with columns: 'Device ID', 'Device Type', 'Date Added', and 'Added By'. The table contains one row with the following data: Device ID: 12345, Device Type: AS4, Date Added: Nov 6, 2022 8:28 PM, Added By: 2116191001111@smartinternz.com.
